

# Product Matrix

		Solvent Systems							Solvent Systems					Water Based Systems						Water Systems Specialty Applications					
		Short Oil Alkyds	Medium Oil Alkyds	Long Oil Alkyds	2K Epoxy	High Solid Epoxy	Polyurethane	Polyester	Coil	Powder	Aerospace	Etch	Caulk/Sealants	Acrylics	Modified Acrylics	Alkyd Emulsion	W/R Alkyds	2K Epoxy	Epoxy Esters	Hybrids	Coil	Etch	Aerospace	Caulk/Sealants	
<b>Hybricor™ Hybrid Inhibitors</b>																									
H204	Zinc Containing Inorganic/Organic Complex																								
H204S	Zinc Containing Inorganic/Organic Complex																								
<b>Wayncor™ Corrosion Inhibitor Pigments</b>																									
<b>Ion Exchange (non zinc)</b>																									
W205	Calcium ion exchange*																								
* Use of W205 in oil alkyds may enhance through dry.																									
<b>Inorganic Inhibitors (non zinc)</b>																									
W211	Strontium Phosphosilicate																								
W214	Calcium Borosilicate																								
<b>Phosphate Inhibitors</b>																									
W222	Zinc Phosphate																								
<b>Multi Component Phosphosilicate Inhibitors</b>																									
W213	Calcium Phosphosilicate																								
W219	Zinc Aluminum Orthophosphate																								
W224	Zinc Phosphosilicate																								
W226	Zinc, Strontium Phosphate Organically Modified																								
W228	Calcium Strontium Phosphosilicate																								
W229	Zinc Strontium Phosphate Surface Modified																								
<b>Molybdate</b>																									
W240	Zinc Molybdate																								
<b>Stainban™ Stain Blockers</b>		Water Based Acrylic	PVA Copolymer	PVA Homopolymer	Alkyd Emulsions	Acrylic Dispersions	Alkyds**	Pre-Treatment																	
S185	Zinc Based								NR	Liquid															
S186	Potassium based								NR	Liquid															
S208	Zinc, Strontium, Calcium Phosphosilicate								NR	Pigment															
** Active metals may accelerate dry time																									
<b>Waynflash™ Flash Rust Inhibitors</b>																									
W110																									
W111																									
W115
